About Us

WE'RE HELPING MEET THE WORLD'S GROWING DEMAND FOR ENERGY

We have major operations in some of the world's most important oil and gas regions. We leverage innovation and the effective use of technology to maximize mature fields, discover new resources and meet the world's growing demand for energy. Our teams around world advance projects focused on energy efficiency, flaring reduction and methane management

We plan to continue making progress in reducing upstream greenhouse gas intensity through technology development and partnerships.

Vision Statement

It's bringing people and technology together in unexpected ways. To build trust and deliver sustained outcomes. Delivering sustained outcomes which make a difference

Company Mission

Swiss Energy Limited's mission is to build trust in society and solve important problems. There is no more important or far reaching problem than climate change. We're focused on helping to solve one of the major issues reshaping the world; climate change and resource scarcity. As part of our sustainability efforts, we've set some clear targets to reduce our environmental impact.

Our Services

AGRICULTURE

Investing in agriculture means putting your money behind food and crop production, processing, and distribution.

REAL ESTATE

Real estate investment involves the purchase, ownership, management, rental and/or sale of real estate for profit. Improvement of realty property as part of a real estate investment strategy generally.

Energy is Essential to Modern Life

As we've done for more than 40 years, we will continue to evolve and help meet the energy demand of a growing world. We strive to protect the environment, empower people and get results the right way. This approach is integrated throughout our business.

Renewable Energy

Through technology and innovation, we're executing major capital projects designed to yield decades of energy. Once on line, our newest generation of producers will help fuel the world's growth for years to come.

Multi-Currency & Global

Easily invest and raise investment in your local or preferred currency. We are integrated with over 35 currencies and cryptocurrencies.

Environment

One of our priorities is to help protect the environment. We do this through responsible design, development, operations and retirement of assets.
